

KUA President's Message,

Dear members,

I welcome you all to the 24th conference of Karnataka Urology Association at Jindal Township, Toranagallu on 1st, 2nd and 3rd November, 2019. This is being organized by the department of urology, VIMS, Ballari, which is one of the largest urology teaching departments in Karnataka.

As always this year's conference is a good blend of academic content and extracurricular activities. This is an in-house conference with the accommodation in the guest house of the township itself. The township itself is enough to entertain the delegates and their families for the entire duration of three days with its greenery, sports complex, food-courts, gardens with fountains and water bodies. However the highlight of this conference is a visit to Hampi which is a UNESCO World Heritage Site. Tungabhadra dam, Daroji Bear Sanctuary and many other tourist sites await you! On the academic front, we have a busy scientific programme which caters to both urology residents and consultants.

I, on behalf of KUA invite you to come to learn, enjoy and bond with friends. See you all in Toranagallu!

Yours sincerely,

Dr. Girish Nelivigi

President, KUA
