**Academy of Uro-oncology (AUO)
In association with KUA, BUS and HCG
Introduction to Uro-oncology- 3rd edition
Date - 9-10th March 2019.**

Venue: Hotel Chancery, Lavelle Road, Bangalore.

Scientific program

Day 1, Saturday 9th March

Registration: 08.30-09.00am

Introduction and objectives of the course 0900-0910 - Dr Sanjai Addla.

Specialist topics:

9.10-9.40am: Uro-pathology: Basics of Histopathology, what does the histopathologist expect from the surgeon on the histology form. Prostate cancer and Kidney cancer -**Dr Veena, Urooncopathologist, HCG.**

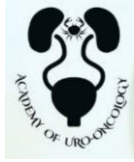

0940 - 1010: Uro- radiology pertaining to USS, MRI, CT scan and PSMA PET - Dr Shiva Kumar, Radiologist, HCG.

Medical oncology for Urologists.

20 min: Basics of medical oncology, Drug classes, discuss fitness assessment, regular investigations and assessment of complications. - **Dr Niti N, Med Oncologist, HCG.**

Basics of Radiation oncology for Urologists.

20 min: To discuss fitness assessment, monitoring of complications, Principles and practice of Radiation oncology: biology, alpha beta ratio, tumour characteristics, basics of EBRT, IMRT, IGRT, SBRT, Brachy, fractionation, tumour dosing for therapeutic and palliative circumstances. **Dr Belliappa, Rad Oncologist, HCG.**

Tea break 11-11.15 am

Renal cancer: (10+2 min) 90 min:

- Investigation pathway for renal mass-**Dr Srivatsa.N**
- Genetics, pathogenesis and familial RCC-**Dr Sanjai A**
- Management options of small renal mass - **Dr Raghunath S.K**
- Role of surgery in localized and locally advanced renal cancer - **Dr Sudhir**

Rawal

- Management of metastatic renal carcinoma - **Dr Ganesh Bakshi**
- Case based discussions (30 min) -**Dr Yuvaraja**
- Pathophysiology of cancer 15 min - **Dr Ragavan**
- Advanced Communication skills / Breaking bad news 15 min - **Dr Ragavan**

Inauguration of the program - 10 min

Guests - Dr Girish Nelivigi, Dr Kumar Prabhu M, Dr Hanumanta Raju, ,
Dr Sunil Gowda, Dr Ragavan and Dr Raghunath SK.

Lunch 1.30 - 2 pm

Prostate cancer:12+3 min

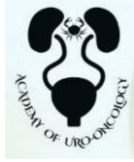

- Genetics, pathogenesis, histological variants and epidemiology of prostate cancer in India -**Dr Yuvaraja**
- Investigation pathway for elevated PSA - **Dr Srivatsa**
- Active surveillance and Watchful wait: When is right not to treat a patient -
Dr Raghunath

- Treatment options for low and intermediate risk prostate cancer - **Dr Ragavan**
- Treatment options for High risk non metastatic prostate cancer - **Dr Ginil Kumar**
- Case based discussions 35 min- **Dr Sanjai Addla**
 - Complications of prostate cancer treatment
- Case based discussions 40 min - **Dr Sudhir Rawal**
 - To cover these aspects
 - Metastatic prostate cancer (Abi Vs Doce; EBRT Vs no EBRT)
 - Sequencing options in CRPC
- Management of the 6th vital sign in cancer care - **Dr Brindha, Psychooncologist**
 - Tea break 4.45-5 pm

5 - 5.15pm - Summation of Day 1 and Feedback - Dr Srivatsa

5.15 - 6 pm Question and Answer session with faculty.

Day 2, 10th March, Sunday

Specialist Topics: to cover basics of the sub-specialty and also cover specific details for **Bladder, Upper tract TCC, Adrenal and Penile carcinoma**

0800-0815: Coffee and review of learning points from Day 1

0815-0830: Medical statistics - Dr Ragavan

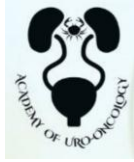

0830-0845: Assessment of Fitness for surgery (include stress tests) Dr Shoieb, Anesthetist, HCG.

0845-0915: Histopathology for Bladder, Testis and Penile cancer - Dr Veena, Urooncopathologist.

45 min : Testicular cancer: Ganesh Bakshi (Lead) (10 min each)

- Genetics predisposition, pathology, risk factors, poor prognostic factors on path examination and Imaging in testicular cancer - **Dr Sanjai Addla** -10min
- Diagnosis and classification - **Dr Gagan Gautham** 10 min
- Treatment - High orchi, RPLND, chemo-**Dr Ganesh Bakshi** 10 min
- Sequencing according to grade / stage **Dr Ganesh Bakshi** 10 min
- Discussion 5 min

Cancer Volume & Quality parametrics in Oncology care - Dr Sanjai Addla

Bladder malignancy: (Overall 2.5 hrs)

NMIBC: 75 min (12+3 min)

Investigation pathway for Haematuria - **Dr Ganesh Bakshi.**

Role of TURBT and Mitomycin C in the management -**Dr Gagan.G**

Prognostication and redo TURBT - **Dr Ginil Kumar**

Role of BCG and management of complications - **Dr Raghunath**

When is it right to do Primary Cystectomy - **Dr Sudhir Rawal**

Tea break 11.15 - 11.30 am

NMIBC Case based discussions 45 min- **Dr Ragavan**

MIBC: 10+2 min

- Neo adjuvant or Adjuvant chemotherapy - **Dr Ragavan**
- Radical cystectomy or Radical radiotherapy - **Dr Sanjai Addla**
- Ileal conduit or Neobladder - **Dr Sudhir Rawal**
- Management of metastatic disease - **Dr Radheshyam, Med Oncologist, HCG.**
- Case based discussions 25 min- **Dr Gagan Gautham**

Lunch 1.30 - 2 pm

Adrenal tumour - Dr Srivatsa (20 min)

- Evaluation and Diagnosis
- Types, endocrine work up for adrenal masses
- Treatment - medical, surgical

Penile cancer (60 min)

- Diagnosis, pathology, imaging 15 min- **Dr Sanjai Addla**
- Assessment & Management of nodes and Prognostication 30 min- **Dr Yuvaraja**
- Follow up - protocol, management of recurrence 15 min - **Dr Sudhir Rawal**

Upper tract Urothelial Ca

12+3 min each (45 min)

- Investigational pathway and role for biopsy- **Dr Gagan Gautham**
- Management strategies for upper tract TCC- **Dr Yuvaraja**
- How do I deal with lower ureter and how do you decrease the risk of Bladder TCC? - **Dr Sudhir Rawal**

4.15 pm Summation of Day 2 and Feed back - Dr Ragavan

Tea - 4.30 pm

The 3rd edition of the "Introduction to urooncology" subspecialty education program was held at Hotel Chancery, Bangalore on the 9th and 10th of March 2019. The event was jointly organised by the Academy of Urooncology (AUO) and HCG hospital Bangalore, under the aegis of the Bangalore Urology Society and the Karnataka Urology Association.

While it was a programme directed primarily towards urology trainees, a significant number of senior and junior consultants also actively took part. There were a total of 75 delegates from all over the county.

Almost all of the masters and pioneers of Urooncology in India were the invited faculty and delivered talks on all aspects of all urological malignancies. The talks covered basics like pathophysiology to the latest evidence based practices. This made it a boon not only for exam going residents, but also practicing urologists. To make it a more wholesome and rounded education, there were talks by eminent onco radiologists, radiation and medical oncologists, oncopathologist as well as

psycho-oncologist, which helped delegates understand the importance of teamwork in oncology. Basics of medical statistics was also covered.

The chief guests were Dr. Girish Nelivigi, Dr. Kumar Prabhu, Dr. H K Nagaraj, Dr. Ananth Kamath and Dr. Sunil Gowda. Dr. Sanman, KUA council member was also in attendance.

The programme was highly appreciated by all delegates and the next edition was announced to be held at Kochi.
